

Leading Mentally Healthy Schools

A resource suite for school administrators

Good mental health is fundamental to a student's ability to learn, succeed, and reach their full potential. Schools in Ontario are well positioned to support youth mental health, and so mentally healthy schools are essential.

You're not expected to have all the answers, but you can start creating the conditions for the broader school community (students, parents/caregivers, staff, community members) to work together to improve student mental health.

Download your guide to leading mentally healthy schools.

1. Visit smho-smso.ca/lmhs.
2. Sign up with your email address.
3. Confirm your subscription (check your spam folder!).
